India Resume - Angular Team Lead / Frontend Team Lead

Frontend Team Lead | Pingtree

Oct 2024 - Nov 2025 | Ahmedabad, India | Hybrid

- Spearheaded frontend delivery for Pingtree traffic management modules, including funnel builder, form flows, source management, lead routing, analytics, and reporting screens.
- Improved delivery quality through code reviews, reusable Angular UI patterns, technical training, and close collaboration with backend teams.
- Led and mentored a team of 5 frontend developers, assigning tasks, reviewing pull requests, removing blockers, and maintaining consistent Angular delivery standards.
- Owned issue resolution, UI/UX improvements, and performance-focused delivery for campaign, tracking, distribution, and monetization workflows.

Senior Angular Developer | Pingtree

Sep 2023 - Oct 2024 | Ahmedabad, India | On-site

- Delivered Angular modules for Pingtree's lead generation and traffic management platform, including landing page, tracking, source, form, and distribution workflows.
- Built reliable API integrations and supported production issue resolution across customer-facing funnel and reporting modules.
- Mentored developers on Angular implementation quality, component structure, and maintainable frontend delivery.

Senior Software Engineer | Rysun Labs

Jun 2021 - Sep 2023 | Ahmedabad, India

- Delivered Angular-based enterprise applications in collaboration with backend, QA, and project management teams.
- Handled and mentored a team of 6 developers, including junior developers and freshers, on frontend standards, REST integration, and delivery practices.
- Supported predictable delivery by breaking requirements into frontend tasks, debugging complex issues, and validating implementation quality.

Senior Software Engineer | Moon Technolabs Pvt. Ltd

Dec 2017 - Jun 2021 | Ahmedabad, India

- Built enterprise web solutions using Angular, Laravel, CodeIgniter, JavaScript, and cloud-hosted services.
- Developed document management workflows similar to Google Drive, including file organization and user access flows.
- Contributed to SILQ project delivery for 2000+ active users and supported production/server issue resolution.

Jr. PHP Developer | C S Tech Solutions

Aug 2016 - Dec 2017 | Surat, India

- Started professional development with PHP, CodeIgniter, HTML5, CSS3, JavaScript, and jQuery.
- Built responsive interfaces and supported backend integration for client web applications.
